G-PRO[®] *naturu*

Performance Enhancement Naturally

G-PRO[®] *naturu* is a novel formulation of encapsulated nature identical fat soluble bioactives

Features	Benefits
Stabilized novel formulation of nature identical fat soluble bioactives	Performance enhancer i.e. helps in improving weight gain / egg production & FCR naturally
Significant anti-bacterial & anti-viral activity due to presence of organopolysulphide (OPS) compounds	Supports in keeping pathogenic load under control leading to lower morbidity & mortality
Protection of host cells from pathogenic effect of toxins	Helps in faster recovery during outbreaks
Thermo stable & free from heavy metal impurities	Can be used in mash as well as pellet feed
Zero residual & resistance effect	Zero withdrawal period for meat and egg; thus safe for birds & human

Note: It even supports AGPs by enhancing bacterial sensitivity for them.

Application

Broiler : Continuous usage
Layers/Breeders : Week a month programme / Continuous usage

Presentation

1 kg & 25 kg bag

Usage

250 g per ton of feed
 (to be mixed thoroughly)
 or as recommended by Nutritionist based on challenge at farm
